

# MW1025 Wagon Drill

## DTH Version

Equipped with pneumatic, valveless DTH hammers, the MW1025 DTH is a powerful and highly productive wagon drill. Its two major benefits are high penetration rates and low fuel consumption. This drill has a sturdy and reliable pneumatic rotation unit, and can offer a selection of hole sizes from 105 mm to 115 mm. The MW1025DTH is ideal for bench drilling, anchor drilling, grout hole drilling, etc.

## Top-Hammer Version

The MW1025TH is the top-hammer version equipped with MD120F pneumatic drifter which is simple and reliable. This drifter uses less air and delivers all round performance. Suitable for hole sizes ranging from 48 mm to 76 mm, the MW1025TH is the preferred choice for quarrying, trenching, and consolidation jobs.
