

Drill Tube

Key Features:

- Made from high grade of pipes and with alloy steel adapters
- Friction welded, induction hardened and stress relieved ensuring high accuracy and more than double of working life and dependability
- Manufactured on CNC machines for perfect and optimum performance
- Increased traction force and strength

Part No.	Thread for Pipe Male(pin)	Thread for Pipe FeMale(Box)	DIA (MM)	Wall Thickness	Length (MM)	Flat (MM)
